

MIT-Spain - CEI Moncloa Seed Fund

The frontiers of knowledge & technology now stretch around the world.

MISTI Global Seed Funds

MIT International Science and Technology Initiatives (MISTI) offers seed funds to MIT faculty and researchers to support early-stage international projects and collaboration.

MISTI GSF includes a general fund for projects in any country and several country funds with their own requirements. Applicants are encouraged to involve MIT undergraduate and graduate students in their projects.

- > Deadline: September 19, 2016
- > Results announced in December

The MIT-Spain - CEI Moncloa Seed Fund

supports budding collaborations between faculty and research scientists at MIT and their counterparts at CEI Moncloa, comprised of Universidad Politécnica de Madrid and Universidad Complutense de Madrid.

- > For collaborations with CEI Moncloa
- > CEI Moncloa colleague(s) must be identified in the fund proposal
- > Priority given to projects that propose a balanced exchange and demonstrate complementarity between MIT and Spain
- > Maximum award: \$30,000
