<p><b>Objectives:</b></p> <p>To convert the Colegio Mayor Cardenal Cisneros, owned by the UCM, into an International Centre for Scientific Meetings.</p>			
<p><b>Description of the action:</b></p> <p>The Colegio Mayor Cardenal Cisneros belongs to the Complutense University and requires major renovation and remodelling.</p> <p>The growing demand for services on the Moncloa campus requires a University Centre for Scientific meetings, workshops, international conferences, etc., medium sized (for up to a hundred people) with the possibility of on-site accommodation for some of the participants.</p> <p>This residence is on the Campus, between Parque del Oeste and sports complex to the south of the campus, in a quiet leafy area, yet also very close to Moncloa, making it a very suitable location for this Centre.</p> <p>A partner will be sought to undertake the project implementation and subsequent operation of the centre through an appropriate agreement, ensuring its viability and maintenance in line with quality requirements.</p>			
<p><b>Planned key results:</b></p> <ul style="list-style-type: none"> <li>• Hosting of quality international meetings on campus.</li> <li>• Internationalisation and promotion of the campus image.</li> </ul>			
<p><b>Rationale for the action:</b></p> <p>There are currently more than 40 residences on campus. The aim is to offer a different product to meet a growing demand, implying a major local and international projection of the Campus.</p>
